**Subject:** RE: The NAAQS exclusion flags for the Kenosha Water tower and Sheboygan Haven sites have been removed

Thank you so much!! That was quick! I'll let APB know about the change.

Jackie

Subject: The NAAQS exclusion flags for the Kenosha Water tower and Sheboygan Haven sites have been removed

Oddly, while I can't edit the flags, I can remove them outright, and have already done so.

The following two monitors no longer have exclusion flags and were visible in a design value report I just pulled.

55-059-0025-44201-1  
55-117-0009-44201-1

I gave Benjamin Wells, who calculates the ozone design values, a heads-up that these are available now.
